SKY BLUE BLANKET • for Dominic Ziegler

©Robin Eschner 2014

```
D             A             G
If we could give you a field of wheat
       D                      A
If we stood out here and planted seeds
  Bm7       G
in our bare feet
G             A          Em7      A
learned a prayer for rain and sang it...

              G
Would you hear the singing far below?
              D                                    Em
Would it make you smile to watch the wheat grow?
Em                              Gmaj7
•  All that waving from the not  so  long  ago...
D                        A          G
Wrapped up in your sky blue blanket.

       Em
       Fiddle and the bow
       A
       River and the rain
       D        A
       Not so long ago
       G               A
       Not so far away

D                        A          G
Wrapped up in your sky blue blanket... :||
```
